EXPERIENCE

One.com, Dubai — Senior Software Engineer(UI)

Jan 2021 - Present

Working as a software engineer for the Website builder product at One.com. The product enables users to drag and drop widgets to build their website. I have added various functionalities to the existing widgets as well as worked on providing new widgets to the users.

Gainsight, Hyderabad — Senior Software Engineer(UI)

July 2019 - Jan 2021

Worked as a software engineer for the Revenue Optimisation(RO) platform of Gainsight. RO is basically that part of the product which deals in handling opportunities(accounts) of a customer to give the customer a clear picture on the status of his accounts.

Pramati Technologies, Hyderabad — Development Engineer

June 2017 - June 2019 (2 years)

Worked as a development engineer for a RAD Tool low code platform named Wavemaker. I learnt to be detail-oriented and to think ahead. Working in a product team I was required to think about development from the customer point of view and also assess all edge cases that could arise.

EDUCATION

Mahatma Gandhi Institute of Technology, Hyderabad — B. Tech

August 2013 - May 2017

Secured Distinction with 75% aggregate.

FIITJEE Junior College, Hyderabad — 12th

June 2011 - April 2013

Secured 91% aggregate.

St. Joseph's Public School, Hyderabad — 10th

June 2001 - April 2011

Secured 90% aggregate.
